ABOUT THE ASSOCIATION

Our association was created in 2013, under the impulsion and the will of Mr. Darwis KHUDORI, Director of the Master's Degree in International Management specialising in Exchanges with Asia, in collaboration with the International Pole of Management of the University of Le Havre Normandy.

The role of the association within the university is the reinforcement of the cohesion between the students of this Master's Degree, the development of these students from different levels in France and abroad. We also aim to offer to all the students at our University an opening on the Asian world, culture and to promote the multicultural diversity of this vast continent throughout the organisation of important events along the year within our institution and beyond.

The main event we organise each year in March is "ASIA WEEK". As it is said in its name, this event is the very proof that we pay a special attention to Asian countries, cultures and environment. Thanks to it, we can promote all the aspects of Asia through conferences, culinary experiences, exhibition, socio-cultural evening with music, dances, defile of traditional costumes, demonstration of martial arts, communication and social media. Moreover, alumni can share their experiences of living abroad with students and other people through social media.

This is why we need to develop cooperation with government and private sectors of Asian countries. Any help in this sense is welcome and encouraged.

We are looking forward to accomplishing our mission successfully each year, for long, thanks to all our efforts combine with yours.

Sincerely Yours,

A handwritten signature in blue ink, appearing to be 'BN' or similar initials.

Boris NOMBO
President of the ASEA
